SCHOOL BEHAVIOUR CODE
Meningie Area School has worked with its school community to prepare a School Discipline Policy, a Staff Behaviour Management kit and a behaviour code which explains the expected behaviours for students and the management strategies which will support them.

SCHOOL DISCIPLINE POLICY
The Department of Education and Children Services requires all schools to prepare a School Discipline Policy which provides a framework to
• manage student behaviour
• create safe, positive and successful learning communities
• develop a partnership with parents and the community on behaviour management strategies.

SCHOOL PARTNERSHIP
Positive behaviour is achieved by students, parents/caregivers and all staff working together in an effective partnership to ensure all of our needs are addressed.

Our aim is to encourage in young people an enthusiasm for learning, the acquisition of skills, and a desire for knowledge in a safe and supportive environment.
