**TERM DATES FOR 2017:**

**Term 1** - Monday 30th January to Thursday 13th April

**Term 2** - Monday 1st May to Friday 7th July

**Term 3** - Monday 24th July to Friday 29th September

**Term 4** - Monday 16th October to Friday 15th December

---

**BOOKROOM OPEN 2017**

Materials and services can be paid at the school and stationary packs collected on:

- **Tuesday 24th January 2017** from 9am-2pm
- **Wednesday 25th January 2017** from 9am – 2pm

Materials Services Fees and 2017 permission forms will be posted early January. DRAFT class list will be displayed from Tuesday 24th January on the bookroom and front office windows.

**SCHOOL CARD** - If applying for school card please bring in your concession card.

**SCHOOL UNIFORMS** may also be purchased at the same times, subject to availability. IF YOU HAVE ANY UNWANTED PRE-LOVED UNIFORM ITEMS, WE WOULD GREATLY APPRECIATE THEM.

---

**Term 1 2017 begins Monday 30th January 2017**
**PRINCIPAL’S REPORT:**

It’s hard to believe that I have been Principal at Meningie for almost a year now!

I would like to take this opportunity to thank everyone in our school community, students, parents and our wonderful staff for their commitment and support as we have worked together to help our students develop as successful learners.

I would like to acknowledge the work of our teachers and SSO’s who support our students. The people who work at Meningie Area School, many of whom have deep and long term links to the community, are absolutely committed to supporting our students and we are fortunate to work with them.

**Leaving Staff**

Unfortunately we have a number of staff who will be leaving us at the end of the year, whilst others will be scaling back their time.

Carly Wilamowski has been at Meningie Area School for six years. She has been a key member of our Junior Primary team and an active and very supportive staff member. Carly is an engaging, energetic and committed educator who puts so much into her work with young people. She will be missed by her colleagues, students and parents who have worked with her as well as the wider school community. Carly leaves us for a new position in Adelaide and we wish her every success.

Judy Woolston leaves full time teaching after many years at Meningie. Fortunately for us, she will be teaching 1 day a week in the 2/3 class next year.

Beth Cowan has worked at Meningie Area School for many years. During 2017 she is scaling back her teaching, but will hopefully return in 2018.

Schools can’t operate in a vacuum and it is only through productive and effective partnerships amongst teachers, parents and carers, the students themselves and the wider community that we are able to meet and overcome the challenges which we face.

Thank you to all the parents, carers and community members who have and continue to support our school and our students. Thank you also to our wonderful students who are the reason that we are all here.

**Innov8 2017**

We are planning an exciting and challenging learning unit for students across the site. The unit links closely with DECD’s STEM (Science, Technology, Engineering and Maths) initiative.

The aim of the unit is to support our students in developing and using the key skills which they will need as they move through school and into their post school life, whether it be into work, further education or an apprenticeship.

These core skills and aptitudes include:

- working collaboratively and in teams
- developing creativity and imagination, critical thinking and problem solving skills through working on developing innovative solutions to real life problems and issues
• developing resilience and a growth mindset, so that they are able to tackle problems, fail fast, but then move on to the next idea and strategy rather than giving up when things get challenging.

There is an article later in this newsletter providing more detail about the Innov8 2017 initiative.

**Presentation Night**

Thank you to everyone who attended Presentation Night last night.

We had a great turnout and it was so exciting to see our students taking so much ownership of compering the night. Congratulations to Brenda Baldock, Jemma Williams, Holly Vandenbrink and Shania Weetra for their hard work and contribution.

Congratulations to all of our students who received Merit Certificates and won Prizes on the night. The recognition which you receive is directly related to the hard work and commitment which you put into your work.

It was exciting to see our bands and choir performing, they put on polished performances and really added to the night. Thanks to Anne Wright and our music teachers for supporting our students.

Thank you to Kathryn Hese in particular, and to Yvonne Palka, Sarah Lehmann, Sarah Wilson & Russell Starr for all the hard work in organising the event and supporting students through the process.

**Junior School Christmas Concert**

This was my first Junior School Christmas concert at Meningie Area School. I thoroughly enjoyed our students’ performances and seeing the delight on their faces as they were called up to receive their awards.

Congratulations to our co-compere’s Eliza Treloar and Ripuri Rigney, our band and choir for their clear and polished performances.

Thanks to Wendy Starling and her team as well as those parents who supported classes and students in preparing for their performances.

**Happy Festive Season**

I would like to wish all of our families a peaceful, enjoyable and fulfilling festive season.

I’m looking forward to seeing all students back in school on Monday 30th January for what promises to be an exciting new year of learning!

*Iain Love (Principal)*
PRESENTATION NIGHT

Evenings such as Presentation Night are only made possible with the generosity of our sponsors and of our guest speaker, Brodie Martin who gave up his time to share his experiences with both students and guests.

AWARD RECIPIENTS 2016 –

MS Arts – Charlotte Treloar
SS Arts – Meshayla Shaw
Music – Woodwind – Riley McNicol
Music – Brass – Cameron Miller
MS English – Charlotte Treloar
SS English – Jemma Williams
MS German – Georgia Brooks
MS HPE – Tom Schaefer
SS HPE – Kobie Hood
MS Mathematics – Riley McNicol
SS Mathematics – Jemma Williams
MS Science – Dylan Gubbin
SS Science – Kobie Hood
SS Agriculture – Harrison Tiver
SS Humanities(Hass, Geog, Hist, etc.) – Bree Stone
MS HASS – Tom Schaefer
PLP Award – Kobie Hood
MS Design & Technology – Kayla Rebner
MS Digital Technology – Jessica De Vos
SS Technology Studies – Kobie Hood
SS Home Economics – Jane Tiver
SS ICT – Jane Tiver
MS Kungun Ngarrindjeri Yunnin – Phoebe Kartinyeri
SS Kungun Ngarrindjeri Yunnin – Shania Weetra
SS VIP – Bree Stone
Creative Writing – Holly Vandenbrink
Research Project – Jemma Williams
VET Trainee/Apprentice – Brenda Baldock
Reconciliation Awards – Meshayla Shaw & Renae Camac
Middle School Achievement Award – Georgia Brooks, Charlotte Treloar
Year 5 Academic Award – Dion Kernick & Jasmine Hockey
Year 5 Encouragement Award – Matthew Hughes & Ethen Evans
Year 9 Graduation Award – Tom Schaefer
Long Tan Award – Bree Stone & Jemma Williams
Sports Award – Skyeisha Rigney
Student Leadership Award – Breehannon Stone
Caltex Best All-rounder – Meshayla Shaw
Encouragement Award – Courtney Rigney
Barker Shield: Vocational Education & Training Award – Dakota Wenske
Barker Shield: Community Service & Spirit Award – Harrison Tiver
Governing Council Achievement Award – Harrison Tiver
Barker Shield: Principal’s Award Academic Achievement – Jemma Williams

Well done to these students and a big thank you to our many sponsors, whose continued support ensures events such as Presentation Night are made possible.
Message to be read out at the
Meningie Area School
End of Year Presentation Night
Tuesday 13th December 2016

Thank you for the invitation to join with you in celebrating your End of Year Presentation. Due to longstanding commitments in my diary I send my apologies for not being here in person.

We live in a country full of great opportunities and for you as students there are a multitude of opportunities available which can be overwhelming. As a community, we will assist to help guide you through this transition from school to further study or from school to work.

The career choices that you are making now will not only affect you for the rest of your life but will also help shape the future of this country. It is important that you make informed decisions about your future but more importantly to take a direction that will compliment all aspects of your life.

For those graduating from secondary school, tonight represents the closure of one chapter of your life and the beginning of a new and exciting stage moving towards your adult life. Grasp the opportunities with both hands and enjoy what this next stage in your life has to offer.

I would also like to acknowledge my excitement that your school has elected to once again participate in the Barker Shield Program.

Each year, schools in our region produce a number of outstanding student achievements and I wish to join in recognising and celebrating these student achievements through the Barker Shield Award in 2016.

I have developed The Barker Shield as a flagship award to be awarded annually at the school’s end-of-year ceremony.

Tonight, three of your students will be a ‘Barker Shield’ recipient, one each in the categories of academic achievement, community service and spirt and the award category chosen by the school vocational education and training.

I would like to add my congratulations to those recipients. I am sure your teachers, family and friends are all very proud of your efforts.

On behalf of the Federal Government, congratulations to all students for a great year and good luck in 2017!

Tony Pasin
Federal Member for Barker
2016 SCHOOL MAGAZINE

The 2016 School magazine is now in production. Please let the front office know if you would like to order one. The magazines will be available early in the 2017 school year. If you place an order and your children will not be at the school in 2017 arrangements will be made to get the order to you.

CONGRATULATIONS TO;

Aaliyah and Jordan for reading 100 books.

Congratulations to Zanna and Clara for reading 200 books.

Congratulations to Alexie, Indigo and Elliott for reading 300 books.

Congratulations to Luke for reading 400 books.

Congratulations to Bohdi for reading 600 books.

Well done to all children who have done a wonderful job reading this year. Keep up the wonderful practice during the holidays.

Carly Wilamowski (R/1 Teacher)

FOR SALE BY TENDER

The school has an 8’ x 5’ tipping trailer with a hydraulic tipping mechanism that was previously used as a rubbish trailer. This is no longer required and Governing Council has decided to dispose of it through a tender process. If you are interested in purchasing this trailer and wish to inspect it, please contact Mal Jurgs on 0427201205 to arrange a time. Tenders need to be submitted in writing by COB 9th January 2017 to PO Box 335 Meningie 5264 or emailed to Mal.Jurgs10@schools.sa.edu.au. The school reserves the right not to accept any tender if it so decides.
Earlier this year Mrs Woolston’s Year 1-2 class were asked by local council’s Arts Coordinator, Di Gordon, to provide art work depicting animals that live in, on or near our local waters. The drawings were then to be adapted for an interactive mural fence in the new Meningie Nature Playground which was jointly funded by the local council and state government. This was also part of our Geography lessons focusing on the foreshore of Lake Albert and the park. The drawings were part of our Visual Arts learning and were adapted by some of the Year 11-12 students into wooden artefacts and painted according to the colours of the year 1-2’s for the fence. We visited the completed fence on the way back from Remembrance Day.

We had such a good year with Meningie's 150th Birthday Celebrations and new playground.

The playground eventually had its official opening on Friday December 2. Our class was presented with an award for our efforts and Ryan Cunneen accepted the Award which was presented by Mayor Neville Jaensch. He also won the Amazing Race, winning a fishing rod.
Asian Fusion Restaurant: Home Ec class of 2016

For this term in Home Ec we had to prepare a restaurant. The purpose was:

- it had to be a group task
- to come up with ideas and
- share equally with each other.

We planned this restaurant for 4-5 weeks together as a group.

We planned for the restaurant to be held at lunch time on a Friday at 1:00pm for the staff members at school. We made 2 entrees, 2 mains and 2 desserts and our guests had to choose out of them.

The restaurant was held in the Senior School Computer room which was next to the Home Ec room. This made it easier for us to walk their meals to them. The students who were cooking did lots of research on the internet about Asian foods and picked suitable recipes for them to cook and suited the restaurant theme.

We decided on the theme Asian Fusion because we all thought it would have been a good idea to do something different, the food is different and delicious. It is good to learn about and cook different foods from a different country.

We had to pair up with someone to do different jobs. Wanda and I did the decorating, choosing the theme and appropriate colours for the restaurant. Taylor and Renae did both of the mains; Beef Stir Fry and Chicken Burgers. Kayla and Racheal did both desserts; Turkish Delight Muffins and Poppy Seed Slice. Harry and Dakota prepared the entrees, Potato Curry with Poppadums as well as Fried Coorong Mullet Rolls. Jane was the person who was in charge of making sure everyone did what they had to do and made sure we were all organised. She did a really good job. We also had good help by Mrs Mas and Mrs Lewis.

Wanda and I made invitations and menus to let the guest know asap about the restaurant so they knew where and when it was and what they were going to be eating. The colours we decided to do were black, red and gold which were good colours to have in our Asian Fusion restaurant.

Wanda made many cranes to hang on hula hoops on the ceilings to make it look pretty. (I kept trying to make them but they didn’t turn out as well as Wanda’s did.) While we were doing our job the others were practising their cooking skills to see if the recipes they picked from the internet were going to be okay to cook on the day and if they have the confidence to cook the food for that many guests. They did a fabulous job and made everyone else proud.

On the Friday we spent the whole morning in the Home Ec room getting everything prepared and setting the computer room in to a restaurant. We had so many things to do so we tried our hardest to get it all done by 1:00pm. I was stressing thinking I was never going to get the work done on time due to tiny little errors but I took a lot of deep breathes and fixed the errors - I wanted to get done. Everyone supported and encouraged one another which I thought was really cool because it is great working with a group of people like that and we also had good encouragement from Mrs Mason.

Courtney Rigney: Stage 1 Home Ec Integrated Learning

The restaurant was successful because we all got given good feedback after lunch which was amazing to here. We could see the look on the faces that they were impressed by our work and they all said it doesn’t look like the Senior Computer Room!
Year 9/10 Surf Camp

On the 5th of December the Year 9/10 class travelled to Victor Harbor for a 3-day surf camp. We left Monday morning with Frau Palka, Ms Lehmann and Russell and arrived at Victor Harbor around 11.00am.

We arrived at the ‘Victor Harbor Holiday & Cabin Park’, where we set up camp and got settled in. Later that day we went to Encounter Lakes to do some raft building. With this activity we split off into small groups of four and had to build a raft to float on the water using only 3 pieces of rope, a barrel, duct tape, 4 pipes and 4 tubes. This activity proved a little stressful for some while others got stuck into it. Racing the rafts was the ultimate test as to whose design would succeed with the teachers coming out on top! That night we all went out for tea together and went shopping in the mall, played some cricket and touch footy on the beach and walked over to Granite island.

On Tuesday morning, it was time to go surfing. We arrived in Middleton and went through the basics on the beach before putting it into practice on water. We all had loads of fun and it seems we had some expert surfers in our group. After having lunch at the beach, our instructors had set out some small fun group activities for us to do which involved a lot of teamwork and problem solving. That night, we travelled to Horseshoe Bay to relax, go swimming and play some more beach cricket. For tea, we had a BBQ for tea along with some birthday cake to celebrate Gena Mansfield’s Birthday.

Wednesday morning was an early wake up call to pack up our tents and gear and get ready for our final surf session. We had some amazing weather and the waves were awesome, so we could put our surf skills to the test. We finished our camp with a group lunch at Horseshoe Bay before making the trek home to school.
Canberra Experience Pt 2

Australian War Memorial

A walk down ANZAC Parade

Kobie found his relative Horace Stringer

Ten Pin Bowling - A first for many students.
Best bowlers were Cameron Miller, Mrs Hood & Mr Ryan.

The courtyard at the Museum

Tomb of the unknown soldier

Travelling van - including saw & knife sharpening

Term 1 2017 begins Monday 30\textsuperscript{th} January 2017
Term 1 2017 begins Monday 30th January 2017
We live in a world in which significant change in the area of technology, particularly around automation, artificial intelligence and what is called “Big Data” are already occurring and impacting on us.

Conservative estimates indicate that as many as 40% of current jobs could disappear over the next ten to fifteen years. Unlike periods of change in past centuries, this change is exponential and is happening extremely quickly.

This is already having a significant impact on the types and range of available jobs as well as the skills required to do them.

Change brings with it opportunity and as traditional jobs fall away, there are likely to be many new opportunities.

It is particularly important for us as parents, communities and educators, entrusted with preparing our students for the world of work that they will be entering, “to ensure that we develop a clear understanding of the challenges, implications and limits of the changes so that we, collectively, are able to identify the key areas in which people will be able to manage, develop and innovate.” (Gerd Leonard, Futurist)

It is an interesting thought to recognise that our Reception students of 2017 will be leaving school in 13 years time at the height of what could be one of the greatest changes to work and society ever to take place.

So what can we do about this and ensure that we are working together to help all of the young people at our school develop the skills, understandings and aptitudes which will be essential for them to succeed?

It is clear that the core literacy and numeracy skills, coupled with the development of digital technology skills will be essential. Developing these remains at the centre of what we are doing.

However, what will be equally important will be for students to develop the skills and aptitudes which have been identified across the world as being critical as we move into a changing world. These include:

- working collaboratively and in teams
- developing creativity and imagination, critical thinking and problem solving skills through working on developing innovative solutions to real life problems and issues
- developing resilience and a growth mindset, so that they are able to tackle problems, fail fast, but then move on to the next idea and strategy rather than giving up when things get challenging
The Education Department is in the process of rolling out the STEM (Science, Technology, Engineering and Maths) initiative which advocates a hands-on inquiry approach to learning in these subjects with the emphasis on students working to develop innovative solutions to real world problems, ideally connected to local communities.

This links closely with a major initiative that we have been planning for the last 6 months which currently has a working title of “Innov8 2017”

**Innov8 2017** will see students across the school working in teams across Science, Technology, Art, English and Maths to develop their innovative responses to the challenging or “wicked” questions which our community leaders will have generated at the Innov8 Community Leaders Forum. These questions will offer exciting opportunities for teachers and students to design quality exciting learning investigations.

Lessons learned from this 6 week focus on Innovation and Enterprise through STEM and The Arts will inform our practices in these areas over the rest of the year.

**TIMELINES FOR INNOV8 2017**

**8th February Innov8 2017 Community Leaders Forum**

We will be holding a community innovation and engagement lunch to offer key members of our local community the opportunity to help us develop those “wicked questions”. We are also seeking mentors to work with students and advise the school on directions for the future in the areas of Agriculture and Technology in particular.

If you are interested in supporting this initiative please contact Mel Treloar or Mal Jurgs,

**13th February Pupil Free Day - Introduction to the Design Thinking Approach to Inquiry**

Following an intensive workshop on Design Think Approach to Inquiry, the focus of our First Pupil Free Day (13th February),

**February 23rd & 24th - Students and Teachers** begin Innov8 2017 working with facilitators from “No Tosh” to help us get started.
Following the intensive two days students will continue their work with teachers in their STEAM (Science, Engineering Technology, The Arts & Maths) focus lessons, developing their solutions and ideas.

**April 13th - Innov8 Student Expo**

Students across the school will showcase their ideas, planning, designs, prototypes and solutions to the question/problem which they have been investigating

I hope that you can all be there!
Library open during school holidays
Tuesday, Wednesday, Thursday, Friday 8.30 – 4.30 (lunch 1-2) and Saturday 10 – 1

Christmas Closure from
25/12/16 - 3/1/17

Yes we are open Saturday 24th Christmas Eve from 10am – 1pm

NEED SOMEWHERE TO MEET?
There is a small meeting room available in the library to use free of charge for the public. It is private and has free library wi-fi.
Please ask at the desk or give us a call on 8575 1681 to make a booking.

Congratulations to three of our library assistants who completed their training
Georgia Brooks completed her second year of training and is now a Library Monitor and Katrina Brown and Lauren Parsons Avera completed training as Library Assistants. Well Done to all three of you!

TOY Library

As a trial our toy library will now be available for children to borrow up to and including age 7. Parents or caregivers must loan the item for the child and there remains a limit of 2 or 3 each. We would like to see the toys being borrowed more so if you would like to try it out just drop in with the kids and have a look at what’s available.

Reading for pleasure
Adolescents entering the adult world in the 21st Century will need to read and write more than at any other time in human history. They will need advanced levels of literacy to perform their jobs, run their households, act as citizens, and conduct their personal lives. They will need literacy to cope with the flood of information they will find everywhere they turn. They will need literacy to feed their imaginations, so they can create the world of the future. In a complex, and sometimes dangerous world, the ability to read can be crucial.

International Reading Association

Have a safe and happy holiday period and drop in to the Library with the children (it’s cool in here)
YMCA SUMMER HOLIDAY CAMPS

Why not join the YMCA Camping team on a fun filled Summer Holiday Camp these school holidays!

With 4 Camps on offer including Surf, Caving, and Kangaroo Island camps there is a huge variety of awesome activities to keep your children busy throughout the summer holidays.

YMCA Holiday Camps are very popular and places are limited. Book now to secure your place in the sun, and join us for Fun, Friendship and Adventure!

All the details and booking form can be found on the YMCA website – http://www.sa.ymca.org.au/our-services/y-camping/school-holiday-camps/

Contact YMCA Camping on 8406 2900 or campingsa@ymca.org.au for more details.

ROAD SAFETY NEWSLETTER - SAPOL

Please find attached the link for current Talkin Road Safety Safer Journeys Issue 4 November 2016 Newsletter:-

This newsletter is now published on the South Australia Police Internet page under Road Safety.

This edition discusses:-
• New heavy vehicle inspection scheme from January 2017
• 110 Reasons to use your school crossing
• Does Mad March matter on our South Australian Roads
• Safety features to consider when buying cars
• 10 things to check before you set off on holiday

Here is the link: -
(when the link connects scroll down the page to the list of newsletters)

Don’t miss out! VACSWIM enrolments closing soon!

Registrations for SA Water’s summer school holiday VACSWIM program are closing fast and families are reminded to book now before it’s too late! More than 13,000 primary school aged children are expected to take part in the summer water safety program at more than 130 pool and beach locations this January. Described as the best value-for-money holiday program with enrolment starting at $30/child, VACSWIM provides children with the opportunity to develop skills and positive experiences in the areas of water safety, confidence and competence in the water, personal survival activities and basic aquatic emergency procedures. Enrolments close December 19 (which is very soon!). Don’t miss out, visit www.vacswimsa.com.au to register your child today!

Call for VACSWIM instructors

Are you an accredited swimming instructor? Are you available from 3-17 January? VACSWIM needs you! VACSWIM is seeking applications from eligible instructors for its regional water safety programs, running from 3-17 January. VACSWIM has been providing water awareness and skills to SA primary school children for more than 50 years, at more than 130 beach and pool locations statewide. And they can’t do it without you!

Find out more and sign up today at http://www.vacswimsa.com.au/employment/

All VACSWIM instructors must hold AUSTSWIM accreditation and a First Aid certificate, as well as DSCI clearance, Child Safe Environments certificate and Child Related Employment Screening.
ADELAIDE STRIKERS SCHOOL HOLIDAY CLINICS

Looking for something to do these holidays? Get along to an Adelaide Strikers School Holiday Clinic!

School Holiday Clinics are for 5-12 year old girls and boys of all abilities.

You will meet players, practice your skills, play games of T20 cricket and get your own Strikers Participant Pack.

OPTIONS: 1 day $49 clinic or 2 day $99 clinic.
WHERE: There are 21 School Holiday Clinics across South Australia, including 2 clinics at Adelaide Oval and 9 clinics in regional areas.
WHEN: 9 - 25 January.

ALL GIRLS GROUPS: Many clinics will have an 'All Girls Group' option. The all-girls groups will assist to provide the most welcoming environment for girls to participate and will run in conjunction with mixed groups at the same venue. Girls are also welcome to participate in mixed groups.

To find out more details about your nearest Adelaide Strikers School Holiday Clinic or to register: http://www.adelaidestrikers.com.au/fans
Free Junior Golf sessions

To be held at Lake Albert Golf Club commencing weekly from Wednesday, 4th January from 3pm to 5:30pm.

Shared golf clubs (or bring your own), balls provided.

Adult helpers will be greatly appreciated.

Confirm your attendance by phone or text to Lisa on: 0437 247 481

Everyone welcome!
